The Visiting Consultants and Professors will be attached to the Institute and will hold rank equal to that of the Director and the Professors of the Institute, respectively.

The duties of the Visiting Staff will be as follows:—

I—CONSULTANTS

A Consultant will assist in the academic programme of a department by giving lectures on any specific subject of his choice and will also give directions in research as he may consider necessary;

II—PROFESSORS

A Professor will assist in the academic programme of a department by giving lectures on specific subjects in the syllabus, by arrangement with the Director-Professor of the department.

A total of 25 paying beds and six cabins in Seth Sukhlall Karnani Memorial Hospital will be held in a pool for allotment to the Visiting Consultants and the Visiting Professors for the purpose of admitting their cases for operation, treatment, investigation, teaching and research. The beds will be under the direct control of the Director of the Institute of Post-Graduate Medical Education and Research and allotted on a request made by them.

In view of the fact that the attached hospital of the Institute cannot at present detail subordinate medical and nursing staff exclusively at the disposal of the Consultants and Professors, to render supervision possible during the latter's absence, Directors and Professors in various subjects and the staff under them will maintain overall supervision of the cases in their respective departments, if any of the beds allotted to them are located in their departments.

The Visiting Consultants and Professors may at any time be called upon by the normal Teaching and Research staff of the Institute for consultation in any matter concerning the functions of the Institute.

The Visiting Staff will be honorary but they may be permitted an allowance for lectures given by them at the Institute, as may be decided by Government.

The library, laboratories and equipments of the Institute will be available to the Visiting Consultants and Visiting Professors and they will have full facilities whenever they desire for the investigation, treatment and teaching of cases admitted to the "pool beds".

2. ORDERED further that a copy of the resolution be forwarded to the Director of Health Services, West Bengal, the Finance Department of this Government, the Surgeon-Superintendent, Seth Sukhlall Karnani Memorial Hospital, Calcutta, the Superintendents of different medical institutions in Calcutta, the University of Calcutta and the Director-Professors of Departments and all Visiting Consultants and Visiting Professors of the Institute of Post-Graduate Medical Education and Research, Calcutta.

3. ORDERED further that this resolution be published in the *Calcutta Gazette* for general information.

The index number for Bankura-Midnapore recorded a rise of 2 points from 114 in June to 116 in July and remained steady at that point in August 1960. The rise in July was mainly due to rise in the prices of Rice, Fish, Firewood, etc. There was a slight fall, however, in the prices of Rice in August but this was off-set by rise in the prices of Fish, Meat and Saree which left the index number unaffected.

The index number for Darjeeling recorded a rise of 3 points from 115 in March to 118 in April followed by a further rise of 2 points to 120 in May and remained steady at that point in June 1960. The index number, however stepped up again by 1 point to 121 in July but came down by 1 point to 120 in August remaining steady at the same point in September 1960. The somewhat steady rise from April to July was attributed mainly to rise in the prices of Rice and a few items of the clothing group while a slight fall in August was caused by a corresponding fall in the prices of Rice and Maize. There was a small drop in the prices of a few clothing items in September 1960 but this left the index number unaffected.

Provided that the Chief Justice or the Registrar, Appellate Side or Original Side, as the case may be, shall without delay inform the lending authority of the circumstances in which the lent Government servant was placed under suspension.

(2) If, after inquiry, the Chief Justice or the Registrar, Appellate Side or Original Side, is of the opinion that the officer or servant should be punished by removal from his office or by dismissal from the service of the State, he shall direct that the officer or servant shall revert to the lending authority with a recommendation for his removal or dismissal, as the case may be.

Provided that the Registrar, Appellate Side or Original Side, may direct such reversion only in cases where under rule 18 he would have had the power of ordering removal or dismissal had the officer or servant been serving on the staff attached to the High Court otherwise than on loan.

(3) The Chief Justice or the Registrar, Appellate Side or Original Side, shall notify the lending authority before such inquiry as aforesaid is held and, except where he considers it necessary to recommend removal or dismissal, shall consult that authority before imposing any penalty other than suspension.

ANNEXURE 1

Rules for the regulation of appointments in the High Court Service, Class III, and departmental examinations of members of the establishment.

1. Subject to the provisions of Article 229(1) of the Constitution, persons, not already attached to the High Court and Section Writers, Original Side, Extra Typists, Appellate Side, Salaried Typists and members of the High Court Service, Class IV, who are so attached shall ordinarily be appointed, in the first instance, to the lower division cadre of the establishment and also to such posts as require any technical or other special qualifications for which suitable candidates are not available in the office.

2. Candidates for appointment under rule 1 must have passed the Intermediate Examination of a Statutory Indian or other University or Institution which the Chief Justice may, in each of the aforesaid cases, approve and should ordinarily be required to possess a knowledge of the vernacular of the State and must furnish documentary evidence as to their academic qualifications.

NOTE.—The provision of this rule will also apply to candidates for appointment as salaried typists, extra-typists on the Appellate Side and Section Writers on the Original Side.

3. (a) For the purpose of appointments under rule 1, a preliminary selection shall be made, as and when necessary, out of candidates who may have already submitted applications voluntarily and candidates who may apply in response to a public advertisement issued for the purpose.

(b) Such selected candidates shall have to appear at a competitive test which will be held, under the supervision of the Registrar, Appellate Side or Original Side, as the case may be. The test shall be in (i) Arithmetic, (ii) Dictation, (iii) Essay and Precis writing, (iv) General knowledge, (v) Viva Voce and in such other subjects as the Chief Justice may direct. Each

subject shall carry 100 marks. Candidates securing 40 per cent. of the marks in each subject, and 50 per cent. of the aggregate, shall be considered to have passed the test, and their names shall be entered, in order of merit, in an approved list to be called "Waiting List" of candidates, and appointments made therefrom, as and when vacancies occur, unless the Chief Justice otherwise directs.

(c) Candidates for appointment as salaried typists, extra-typists on the Appellate Side and Section Writers on the Original Side must have passed at least the Intermediate Examination of a Statutory Indian or other University or Institution which the Chief Justice may, in each of the aforesaid cases, approve. Candidates selected under sub-rule (a) shall have to pass a competitive test in typewriting at the rate of at least 40 words per minute. The names of the successful candidates shall be entered, in order of merit, in an approved list to be called "Waiting List" of candidates and appointment made therefrom as and when vacancies occur unless the Chief Justice otherwise directs:

Provided that for appointment to a post of Section Writer in which the sole duty will be to prepare copies in manuscript, a candidate will not be required to pass a test in typewriting, but shall be required to pass a handwriting test.

NOTE.- No one shall have any claim to any appointment under any of the sub-rules of this rule by virtue alone of his success at the examination or on any other ground.

4. A candidate must not ordinarily exceed the age of 23 years at the time of his application. No application may be entertained from any candidate whose age is less than 18 years. In selecting candidates for the test mentioned in rule 3(b) those possessing any special qualification, such as a knowledge of typewriting and shorthand, may be given preference. A mere claim to a knowledge of typewriting and shorthand will be wholly insufficient. All candidates asserting such a claim will be required to undergo a test, and if any such claim is found to be unfounded, the candidate may be disqualified, irrespective of the result of the test prescribed in rule 3(b).

5. Candidates for appointment shall be required to furnish at least two certificates of character of which one shall be from the Head of the Institution in which he was last educated and the other from a Gazetted Officer or from some respectable person, preferably under the attestation of a Gazetted Officer.

6. If the post to be filled is one requiring special attainments, such as knowledge of shorthand, typewriting, Persian, etc., enquiry will first be made whether any Assistant or Salaried Typist already on the High Court staff or an Extra Typist or Section Writer or unless the Chief Justice otherwise directs, any person on the waiting lists mentioned in rule 3, is available. If any such person is available, he will be tested and his appointment will depend on his reaching the required standard of proficiency. If no such person be available from these sources, or such person or persons being available fail to pass the test prescribed, applications from outsiders will be invited and they will be subjected to a similar test and the appointment made, having regard to the result of the test.

No Typist or Extra Typist or person borne on the waiting list mentioned in rule 3(c) or member of the High Court Service, Class IV, or outsider shall ordinarily be appointed who has not passed the test prescribed in rule 3(b).

5. The issues that were framed for the decision of this case are the same as those mentioned in the order of reference.

AWARD

Decisions.

6. **Issue No. 1:** The Union states that the Company took over the charge of the Railway Contractor in the work of carrying parcels to and from Railway Godown in Howrah Station on behalf of the Railway with effect from the zero hours of 1st August 1959. The Union further states that the Company absorbed, with temporary tokens, about 250 workmen out of 350 previously employed in the said work by the predecessor of the Company, though the Company promised and is under a legal obligation to absorb all the old employees before recruiting new hands. On 9th August 1959, a bipartite agreement was concluded and the Company agreed to consider whether it would implement the award of the First Industrial Tribunal in respect of wages, etc., and also absorb 34 workmen, who were retrenched or discharged by Messrs. Bird & Co., the previous contractor in the same work, and if the police and the railway authorities did not object to the same. Shri Deonandan Singh, erroneously described in the order of reference as Deonemi Singh, a leader of the Union, was charge-sheeted on false allegations and was suspended for four days. Shri Deonandan Singh replied to the said charge-sheet. The Company held no enquiry thereafter, but on 25th August 1959 when the said Deonandan Singh went to resume his duties, he was verbally refused work. Fifteen workmen were present there at the time and they protested against this action of the Company, and these 15 workmen were also refused work. This unjustified action of the Company provoked a strike by the workmen and the Railway Police authorities intervened. At the intervention of the Railway Police, the Company promised to give work to all workmen previously employed by them except Shri Deonandan Singh, about whom a fair enquiry was promised. In spite of this promise, the Company has not employed any of the 350 workmen employed by the Company's predecessor, which includes 40 workmen listed in the order of reference. Nor did the Company hold any enquiry about Shri Deonandan Singh. The Union prays that the Tribunal should award that the discharge of Shri Deonandan Singh is unjustified and an instance of unfair labour practice and should direct the Company to reinstate him with full back wages for the whole period from 21st August 1959 to the date of reinstatement.

7. The Company states that it is a Contractor for handling parcels only under the railway, and this contract became effective on and from 1st August 1959 by virtue of an agreement, dated 1st August 1959, which unless determined earlier will remain in force for three years till 31st July 1962. The Company is a successor to Messrs. Bird & Co. on and from 1st August 1959, and out of about 350 porters engaged by them, it engaged with temporary tokens, about 250 workers. The Company considers 250 workers to be a complement which would be more than sufficient to cope with its contracted obligations. The Company denies that it promised or is under any legal obligation to absorb the old employees before recruiting new hands. The Company made no promise and there is no legal obligation on its part to absorb the old employees. With regard to the alleged conclusion of a bipartite agreement on 9th August 1959, the Company has no knowledge or intimation. The Company did, at no time, authorise or depute anyone to represent itself in any bipartite conference, and to the knowledge of the Company, no one authorised by itself had entered into any bipartite agreement, as alleged on 9th August 1959. The Company submits that for the insolent and highly objectionable behaviour with the Supervisor and also for the wilful and unauthorised absence from his place of work for about 45 minutes from 8 p.m. to 8-45 p.m. while on duty on 20th August 1959, Shri Deonandan Singh, who has been wrongly named as Deonemi Singh in the order of reference, was charge-sheeted on 21st August 1959, and suspended for four days. Shri Deonandan Singh accepted the charge-sheet-cum-suspension order, dated 21st August 1959, replied to it on the same day and denied the charges. He was then advised in writing that an enquiry would be held on 22nd August 1959, and that he should attend the same. The enquiry was held on 22nd August 1959, but Shri Deonandan Singh did not attend, and as such, the enquiry had to be held ex-parte, where the charges brought against Shri Deonandan Singh having been proved, the suspension order was confirmed. Before the decision of the Company, confirming the order of suspension for four days from 21st August 1959 could be communicated to Shri Deonandan Singh, he incited other porters of the Company on 25th August 1959 to launch a strike, with the result that all the porters struck work abruptly on 25th August 1959, and started indulging in aggressively violent activities within and near the Howrah Parcels Office. The striking porters led by Shri Deonandan Singh became so unruly that the Company had to report the matter to the Chief Parcel and Luggage Inspector, Eastern Railway, Howrah, the G. R. P., Howrah, and also to the Railway Protection Police, Howrah. On 4th August 1959, Shri Deonandan Singh had also engineered a strike of the porters in which many outsiders had participated. Owing to the violent activities of the strikers, the matter had also to be reported to the Chief Parcel and Luggage Inspector who by his letter, dated 24th August 1959, to the Officer in Charge, Railway Protection Force, Howrah, directed that 34 porters, as per list, should not be allowed inside the Parcel Office without proper authority. Shri Deonandan Singh did not at all report for duty on 25th August 1959, and there was no question of any refusal of work to him, as unduly alleged by the Union. The Company denies that about 15 workmen were present and that they had protested against the alleged refusal of work to Shri Deonandan Singh. According to a premeditated plan, the workers present struck work abruptly and illegally on 25th August 1959 as they had done on 4th August 1959, and on both occasions there was no provocation whatsoever. On 25th August 1959 on being informed by the Company as also by the Chief Parcel and Luggage Inspector, the police came to the spot to prevent any breach of the peace, but there was no intervention by the police authorities. On 26th August 1959 and on 27th August 1959 the Company put up notices on its notice board, calling upon the strikers to resume work forthwith. But far from resuming work in pursuance of the notice, the striking porters indulged in raising slogans

near the Parcel Office, Howrah. On 2nd September 1959, the strikers formed themselves into a riotous crowd and indulged in acts of violence and looting of cash from the Company's cash box and damaging office jeep car and railway mail vans. The Company never made any promise of giving work to all or any workmen previously employed. The Company states that Shri Deonandan Singh had been employed as a porter by the Company with effect from 1st August 1959, the date of commencement of its handling contract. He initiated the porters of the Company to go on strike on 4th August 1959. On 12th August 1959 Shri Deonandan Singh was found to be a slacker, and had to be served with a warning in writing. On 17th August 1959 complaints were received from other porters against Shri Deonandan Singh, inciting the complainants and other porters to go on strike. On 21st August 1959 further complaints against Shri Deonandan Singh poured in, and on that date, he was served with an order of suspension for four days on charges of insubordination and wilful disobedience to his Supervisor, and also wilful absence from his place of work for 45 minutes on 20th August 1959. On 21st August 1959 Shri Deonandan Singh submitted his written explanation and was informed that an enquiry would be held on 25th August 1959, which he was called upon to attend with witnesses, if any. On 25th August 1959 an enquiry was held at the Company's office at the Howrah Parcel Office, but Shri Deonandan Singh did not turn up. Accordingly, the enquiry had to be held in his absence and the order of suspension was confirmed. Meanwhile, Shri Deonandan Singh incited other porters to launch another strike with effect from 25th August 1959, and since then he has not been heard of. The Company submits that by his own action, Shri Deonandan Singh has brought about a termination of his employment with the Company on and from 25th August 1959. Shri Deonandan Singh's employment, which commenced on 1st August 1959, was only of a casual nature. The Company is not aware of Shri Singh's activities, if any, as a member of the Union or of any other Trade Union. Shri Deonandan Singh is not entitled to reinstatement or any other relief whatsoever.

8. Evidence was adduced by both the parties. P.W. 1 Shri Ram Chandra Sharma, General Secretary of the Railway Godown Workers' Union, P.W. 2 Shri Deonami Singh alias Deonandan Singh, deposed for the Union. Documents, Ext. 1 to Ext. 4(b) were marked for the Union. O.P.W. 1 Shri B. K. Chatterjee, Chief Parcel and Luggage Inspector, Eastern Railway, O.P.W. 2 Shri Fate Bahadur Singh, O.P.W. 3 Shri Kishore Saran Srivastava, Manager of the Company, and O.P.W. 4 Shri Rajendra Prosad Pandey, one of the partners of the Compeny, deposed for the Company. Documents, Ext. A to Ext. L were marked for the Company.

9. P.W. 1 states that Shri Deonandan Singh is the Assistant Secretary of the Union. The Company gave him the charge-sheet, Ext. 3, and there was no enquiry during the four days of his suspension and when on 25th August 1959, Shri Deonandan Singh went to work, he was not given any work. There was a strike on that date. P.W. 2 Shri Deonandan Singh states that Ext. A is the reply to the charge-sheet. He states that he is a leader of the Godown Workers' Union. He worked under Messrs. S. C. Kundu and then under Messrs. R. P. Pandey & Co., and he has been working at Howrah Station for the last four years. He has been unemployed since 25th August 1959. He was suspended from 21st August 1959, and went to work on 25th August 1959, but was not given any work. The witness states that at 2-30 p.m. on 25th August 1959 the Manager told him that he would not give him work. At that time, 15/16 other men were present in the office. These 15/16 men stated that the witness was being discharged without any offence. So, they would strike work. The witness states that the strike was launched on 25th August 1959, because 100 men were not taken in the beginning of August and on 25th August 1959, Deonandan, P.W. 2, was not also given work. The date of enquiry of his case was on 22nd August 1959, but there was no enquiry on that date. The Manager, Shri Srivastava, did not tell him that the enquiry would be held on 22nd August 1959. There was no notice published on the notice board about the date of the enquiry on 22nd August 1959, and there was no notice in the notice board as to what happened in the enquiry. The witness denies that he did not go to work on 25th August 1959. O.P.W. 2 Shri Fate Bahadur Singh, states that Deonandan was a leader of the strikes on 4th and 25th August 1959. O.P.W. 3 Shri Kishore Saran Srivastava, Manager, states that he gave the charge-sheet to Deonami, to which he replied. Exhibit 3 is the charge-sheet, and Ext. A is the explanation of Deonami. He informed Deonami orally that he would hold the enquiry on 22nd August 1959, and also made a note of this fact on Ext. A, which was submitted by Deonami to him. Exhibit A(2) is the same charge-sheet as Ext. 3. Exhibit A(2) is in Hindi. The translation of all the documents in Hindi have also been filed by the Company, which have been marked as Ext. K series. Charge-sheet, Ext. A(2) shows the signature of Shri Deonandan Singh, O.P.W. 3 states that he did not know the address of Deonandan Singh by that date, and as he did not come to the office even on 24th August 1959, he pasted the report of the enquiry on the notice board of the office. The report which was pasted in the office notice board is stated to be Ext. H and Ext. H(1) is the office copy of the report. Exhibit H shows that the charges against Deonandan Singh have been proved, and the Company was not dismissing him but was giving him a severe warning that if in future he was found to be guilty of any such offence, he would be dismissed.

10. The learned Advocate for the Company pressed that Shri Deonandan Singh was not discharged but that his service was automatically terminated by desertion. It is also stated in the written statement, as well as at the time of the address of the learned Advocate for the Company that there were strikes—one on 4th August 1959 and the other on 25th August 1959, which were engineered by Shri Deonandan Singh. It was stated that these two strikes were unjustified. The justifiability or otherwise of the strike on the two dates in question is not very relevant in the matter of Issue No. 1 in respect of the justification or otherwise of the discharge of Shri Deonandan

Singh. It is to be considered whether Shri Deonandan Singh was discharged, and if so, whether this discharge was justified. The written statement of the Company in paragraph 11 states that the charge-sheet on Deonandan Singh was served on him on 21st August 1959 and he replied to it on the same date and that he was advised in writing that an enquiry would be held on 22nd August 1959 and that he should attend the same. There is no evidence on record to show that Deonandan Singh was advised in writing that an enquiry would be held on his charge-sheet on 22nd August 1959, and that he should attend the same. In evidence Shri Srivastava, Manager, states that he informed Deonandan orally that he would hold the enquiry on 22nd August 1959 and also made a note of the fact on the reply, Ext. A. The witness referred me to the endorsement on Ext. A, stating that the Manager would hold an enquiry on the following day, i.e., 22nd August 1959. I do not consider that this is a sufficient notice of the enquiry on Deonandan Singh, who denies that he was given any such notice. The order, Ext. H, clearly shows that Deonandan Singh was not dismissed as a result of the enquiry, which was held in his absence. It is admitted that this order was not served on Shri Deonandan Singh. It is claimed that this order was pasted on the notice board, as Shri Deonandan Singh's address was not known to the Manager. It is, therefore, clear that the Company did not dismiss Shri Deonandan Singh on 24th August 1959 after the enquiry. It appears that there was a strike on 25th August 1959 and Shri Deonandan Singh states that this strike was launched by the workers for the Company for not taking into its service 100 out of 350 men that were employed by the Company's predecessor, Messrs. Bird & Co. and also because Shri Deonandan Singh was not given employment on 25th August 1959, although he appeared before the Manager on that date at 2-30 p.m. I do not appreciate why Shri Deonandan Singh would not join his duties on 25th August 1959 if he was not refused work. There is no evidence on record to explain why Shri Deonandan Singh did not join work on 25th August 1959, if he was informed of the order, Ext. H, dated 24th August 1959, that he was only warned and was not discharged. At page 11 of the written statement, the Company states that the enquiry on Deonandan Singh's case was held on 25th August 1959 and that Shri Singh did not turn up. Meanwhile, Shri Singh incited other porters to launch a strike. The written statement, therefore, makes two statements, viz., that the enquiry was made on 22nd August 1959 at page 5 and also that it was made on 25th August 1959 at page 11. The Company filed some reports from co-workers of Deonandan Singh, being Ext. I series, which are all dated prior to 25th August 1959. These are complaints against Deonandan Singh alleging harassment by him. Exhibits I and I(1) are reports of Bhoja Prasad, dated 19th August 1959 and 20th August 1959, on which the charge-sheet, Ext. A(2), was served on Deonandan Singh. I do not consider that the other documents, being Exts. I(2) to Ext. I(10), are of any substance in the decision of the issue. Exhibits J and J(1) are two warnings against Deonandan Singh, dated 12th August 1959 and 17th August 1959. These warnings were given some time before the charge-sheet, Ext. A(2) on 21st August 1959, and cannot be called in aid of the Company's case for refusing reinstatement of Deonandan Singh while it did not discharge him on 24th August 1959.

11. Considering all these circumstances, I do not find that the objection against Deonandan's reinstatement is worthy of support. The Company did not discharge Deonandan Singh on 24th August 1959, and it has found no ground why it should oppose his reinstatement now. The fact that Shri Deonandan Singh has been kept out of employment for such a long time points to the conclusion that he was really discharged. The plea of the Company that Shri Deonandan Singh was not discharged by Ext. H and that he himself deserted the Company's service is not accepted by me. It is awarded that the discharge of Shri Deonandan Singh is not justified and that he should be reinstated with effect from the date of the enforcement of this award. In view of the fact that all the workers under the Company, who is a Railway Contractor, are casual workmen, and the reinstatement of Shri Deonandan Singh alias Deonami has been delayed for various reasons, all of which were not within the control of the Company, it is awarded that Shri Deonami alias Shri Deonandan Singh should be given a token amount of Rs. 25 only by way of compensation.

12. This issue is accordingly answered.

13. **Issue No. 2:** The question for decision in this issue is if the refusal of employment of 40 workmen mentioned in the list attached to the order of reference was justified and to what relief, if any, they are entitled. The Company carries on the work of handling of parcels of Eastern Railway with the aid of porters at the Howrah Railway Station. Till April 1959, Messrs. S. C. Kundu & Co. was the contractor for doing the same job under the Railway. According to the practice of the railway, contract is given only for three years and on some conditions the breach of which may cause the cancellation of the contract. Exhibit D is a blank form of the contract between the Contractor and the railway for handling of parcels, etc., which, according to the case of both the parties, was executed by the Company and the Railway for the contract in question here. The present Company took the contract for three years commencing from 1st August 1959. During the period of three months from May to July, Messrs. Bird & Co. did the same work for parcels, as well as for goods. It is the case of the Union that Messrs. Bird & Co. employed about 350 men for the work, but when the Company took over, only 250 out of them were employed by the present Company, Messrs. R. P. Pandey on 1st August 1959. The evidence of O.P.W. 2 is that the names of the porters employed by Messrs. Bird & Co. are in Ext. E and that on 1st August 1959 when the Company took over, P.W. 1 Shri Ramchandra Sharma, General Secretary of the Union, selected the men that were employed by the Company out of the list, Ext. E. O.P.W. 2 states that there are 306 names in Ext. E. but as a matter of fact, there are 312 names in this list. P.W. 1 Shri Ram Chandra Sharma, states that he was present at the time and place when the Company took over on 1st August 1959, but denied that he selected the 250 men taken

by the Company in its employment out of the list, Ext. E. Exhibit F is the muster roll of the employees of Messrs. Bird & Co. working under the Company in the month of August 1959, and Ext. G is the acquittance roll of the workers for the same month. Exhibit F shows 476 names. If the number includes only 250 men out of 312 in Ext. E, it should be taken that the Company took a large number of new men without taking in the old men in Ext. E, who worked under Messrs. Bird & Co. Exhibit G shows the names of only 180 men. It is admitted by P.W. 1 that 250 men were taken in the employment of the Company on 1st August 1950, and the Union's complaint is that the rest of the men who worked under Messrs. Bird & Co. were not employed. The Company's plea is that a complement of 250 porters is more than sufficient to cope with its contracted obligations. It, however, appears that the Company took in more than 312 men, as shown in Ext. E or even more than 350 men, as is claimed by the Company to have been employed by Messrs. Bird & Co. Forty workmen mentioned in the order of reference that are involved in this issue are claimed by the Union in its written statement to be persons who were in the employment of Messrs. Bird & Co. but were not taken in by the Company. The evidence of P.W. 1, Shri R. C. Sharma, General Secretary of the Union, shows that these 40 men comprise of 34 men who were discharged by Messrs. Bird & Co. in July 1959, and the other six men, being Nos. 35 to 40 in the list in the order of reference, who worked for two or three days under the present Company, but were not thereafter continued in employment. The names of 34 men discharged by Messrs. Bird & Co. are in Ext. 2, which shows that 19 men were discharged and 15 were retrenched. The Union filed the Agreement, Ext. 1, dated 9th August 1959, showing, amongst other terms, that the 34 men, being 19 discharged and 15 retrenched would be taken into service by Messrs. R. P. Pandey & Co., subject of verification by the police and the railways. The Company denies knowledge of the Agreement, Ext. 1, and stated that it was no party to it. One R. S. Pandey, who appears to be the brother of O.P.W. 4 Shri R. P. Pandey, one of the partners of the Company, signed on Ext. 1 as the representative of the Contractor. O.P.W. 4 Shri R. P. Pandey denied that Shri R. S. Pandey had any authority to execute the Agreement with the Union. O.P.W. 4 denied any knowledge of the document, Ext. 1. O.P.W. 1 Shri B. K. Chatterjee, the Chief Parcel and Luggage Inspector, Eastern Railway, who supervised the work of the Company on behalf of the railway, states in his cross-examination that R. S. Pandey and R. P. Pandey are officers of the Company. From this statement, it was argued by the learned Advocate for the Union that it should be taken by the Tribunal that Shri R. S. Pandey really represented the Contractor in the negotiation that resulted in the Agreement, Ext. 1, and the Company should be made bound by the terms of Ext. 1. The Tribunal is not concerned in this proceeding with any other term in Ext. 1 except the term No. 2 regarding the 34 men, who were retrenched and discharged by Messrs. Bird & Co. and were not taken into service by the present Company when it came. P.W. 1 Shri R. C. Sharma, the General Secretary of the Union, admits in his cross-examination that the Agreement was not submitted to the Labour Office. One Mathura Prosad Singh signs as the Conciliator in Ext. 1, but he is not the Conciliation Officer under the Industrial Disputes Act. There is no evidence on record to show that a copy of this agreement, Ext. 1, was sent to the appropriate Government or the Conciliation Officer. That being so, the Agreement, Ext. 1, is not a "settlement" within the meaning of the term in section 2(p) of the Industrial Disputes Act. That being so, the parties are not bound under section 18(1) of the Act by the terms of the Agreement, Ext. 1. It is only the settlement upon which the law has given sanctity and which the law has made binding under section 18(1) of the Act that can set the matter of the dispute on any question at rest and which can be taken notice of in the Industrial Court. When the Agreement does not conform to the requirements of section 2(p) of the Act, it becomes a private agreement which belongs to the realm of contract which may give rise to contractual rights, but has got no sanction in an Industrial Court. It has been decided by the Hon'ble Labour Appellate Tribunal in the case of Bank Line (India) Ltd., reported in 1952(II) L.L.J., 470 that an agreement or settlement which is not binding under the Industrial Disputes Act is not absolutely sacrosant in an Industrial Tribunal and an Industrial Tribunal can give effect to it or modify it at the instance of the other party when adjudicating upon a reference. It will, therefore, appear that the Agreement, Ext. 1, cannot be considered to be binding upon the parties in the present proceeding. Even if the agreement were considered to be binding upon the parties, the 34 men were agreed to be taken into service, subject to verification by the police and the railway authorities. There is nothing on record to show that any such verification was made by the police and the railway authorities in favour of these 34 workmen. The learned Advocate for the Union attempted to make out that the fact as to whether any verification was made in favour of these 34 men or against them was to be proved by the Company. This contention is not well-founded. When evidence is adduced on both sides, the question of onus of proof is academic and the court is to arrive at a decision on the weight of the evidence on the issue. If no evidence is adduced on any side, the onus of proving that these 34 workmen were qualified to be taken into the Company's service in accordance with the terms of the Agreement, Ext. 1, would be on the Union and not on the Company. There is no evidence on record to show that as a result of verification by the Railway or the police authorities, these 34 workmen, as mentioned in Ext. 2, have been found to be qualified to be taken into the Company's service. On the contrary, the document, Ext. B, shows that 29 out of these 34 men have been disqualified from the Company's service by the railway authorities. Exhibit J, is a chart filed by the learned Advocate for the Company comparing the list of the porters mentioned in the order of reference and the lists in Ext. B and Ext. 2. This list shows that 29 men out of 34 in Ext. B, being the same as 29 men in Ext. 2, are covered by the order of reference. Under the terms of the contract, Ext D, as mentioned in clause 3(1), the contractor Company is not entitled to keep in service the men who are objected to by the Railway

administration or the C.P.L.I. concerned. The letter, Ext. B, is from the Chief Parcel and Luggage Inspector, forbidding the Company from employing 34 workmen named in the letter. The Company is not, therefore, entitled under the contract to employ these 34 men. All 29 of these men are included in the list of 40 men mentioned in the order of reference, these 29, being Nos. 1 to 15, 18 to 22, 24 to 29, and 31 to 33 in the list mentioned in the order of reference are not entitled to employment by the Company.

14. I shall now consider the case of the other 11 men, being No. 16 Birbal, No. 17 Kailash Misir, No. 23 Bahadur, No. 30 Shikharmal and Nos. 34 to 40, being Haridhansh, Anirudh, Seo-sankar Chowdhury, Seojauam, Bechan, Jawahar and Lalji Prosad. The learned Advocate for the Company argued that as these men were employed by Messrs. Bird & Co. and were not employed by the Company, there was no relation of employer and employee between the Company and these workmen and there is no question of refusal of employment to these men by the Company. The learned Advocate for the Union cited the Supreme Court decision in the case of Kays Construction Co., reported in 1958(II) L.L.J., 660, and pressed that a successor in business is bound to continue in employment the workmen employed by the former owner of the business. The learned Advocate for the Company pointed out that the present Company was not a successor in interest of Messrs. Bird & Co. but was a successor to them only in point of time. The learned Advocate argued that the present Company did not acquire the interest of the contract from Messrs. Bird & Co. but got it independently from the Eastern Railway and that this Company was not, therefore, obliged to take in the old employees of Messrs. Bird & Co. The decision of the Hon'ble High Court at Bombay in the case of New Gujrat Cotton Mills reported in 1954(2) L.L.J., 194, on this question is of great importance. The learned Judges observe that under the ordinary law of contract, the old employees might have no claim against the purchaser of the assets of the old Company, a right to continue in employment, but the question arising out of the industrial dispute could not be decided merely on consideration of contractual obligation under the civil law. In industrial matters, the court is entitled and is bound to modify contractual rights and obligations on consideration of equity and in the larger interest of the community, such as promotion of industrial peace and security of employment of workmen. Merely because under the law of contract a claim may not lie at the instance of the applicants, to be re-employed or reinstated by the new Company, the claim made by the applicants cannot be regarded as inadmissible. Following these principles, I do consider that the old employees of Messrs. Bird & Co. can appear before the Tribunal and claim to be employed by the present Company in their old jobs and the Tribunal has got powers under the Industrial Disputes Act to direct the Company to take in the old employees before taking new men in his service. I have already stated that 29 out of 40 men of the list mentioned in the order of reference cannot be employed by the Company under the terms of their contract with the Railways. The 11 workmen being Nos. 16, 17, 23, 30 and Nos. 34 to 40 are old employees who have not been taken in by the Company into its service. In the interest of industrial peace, these employees should be taken into the service of the Company and I award accordingly. Exhibit F shows that in August 1959, the Company took into its service as many as 476 men. It is the admitted case of both the parties that there were about 350 men in the employment of Messrs. Bird & Co. and the list, Ext. E, received from Messrs. Bird & Co., shows only 312 names. It is, therefore, clear that the Company took in many new workmen to the exclusion of some old workers of Messrs. Bird & Co. I am not in this proceeding concerned with the other workers and it is not possible to speculate if there are any such workers of Messrs. Bird & Co. who were not employed by the Company, and if so, on what grounds. As far as the 11 workers mentioned above are concerned, they are, according to the evidence on record, employees of Messrs. Bird & Co. who were not employed by the Company. They are entitled to be employed by the Company to the exclusion of new-comers, if necessary. I, therefore, award that Nos. 16, Birbal, 17 Kailash Misir, 23 Bahadur, 30 Shikharmal, 34 Haridhansh, 35 Anirudh, 36 Seosankar Chowdhury, 37 Seojauam, 38 Bechan, 39 Jawahar and 40 Lalji Prosad should be taken into the employment of the Company with effect from the date of the enforcement of this award.

15. In view of the fact that these 11 workmen as mentioned above are but casual workmen and in view of all the surrounding circumstances, it is awarded that these 11 workmen are not entitled to any relief on account of their non-employment by the Company earlier.

16. This issue is accordingly answered.

M. C. BANERJI,
Judge, First Industrial Tribunal.

The 7th November 1960.

In the matter of an industrial dispute between Messrs. Shree Laxmi Tanin Extract Factory, Malancha Road, Nimpara, Kharagpur, Midnapur, and their workmen represented by the Shree Laxmi Tanin Extract Factory Workers' Union, Kharida, Kharagpur, Midnapur. (Case No. VIII-84 of 1960.)

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. R. GHOSE, Judge, Third Industrial Tribunal.

For the Union: Shri Parimal Das Gupta, Advocate, and Shri Hrishikesh Banerji, President of the Union.

For the Company: Shri N. D. Manna, Counsel, and Shri J. K. Kothari, Managing Director, of the Company.

AWARD

By order No. 1452-I.R./IR/11L-246/60, dated the 2nd April 1960, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Shree Laxmi Tanin Extract Factory, Malancha Road, Nimpara, Kharagpur, Midnapur, and their workmen represented by the Shree Laxmi Tanin Extract Factory Workers' Union, Kharida, Kharagpur,, Midnapur, regarding the matter specified in the schedule to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

(1) Whether the Management is justified in discontinuing the Provident Fund Scheme. To what relief, if any, are the workers entitled?

Reference was received by this Tribunal on 9th April 1960. Notices were duly served upon the parties. The union, namely, Shree Laxmi Tanin Extract Factory Workers' Union, representing the workmen of the company, Messrs. Shree Laxmi Tanin Extract Factory, Kharagpur, filed its written statement of claim on 3rd June 1960. The company filed its written statement on 18th August 1960. On 18th October 1960 the company prayed for an adjournment on the ground that the matter in dispute between the parties before this Tribunal might be compromised. 7th November 1960 was fixed as the date for effecting compromise. On that date the company, namely, Shree Laxmi Tanin Extract Factory, of which Messrs. Purshotam Mathradas & Co. Private Ltd. of 33B Ezra Street, Calcutta, are the proprietors filed a true copy of a memorandum of settlement arrived at between the said proprietors of the present company and Shree Laxmi Tanin Extract Factory Workers' Union and a separate petition for passing an award in terms of said memorandum of settlement. On reference to paragraph 6 it appeared that under the terms of settlement contained in that paragraph both parties, namely, the old management, i.e., Messrs. Shree Laxmi Tanin Extract Factory, of which the proprietors are Messrs. Purshotam Muthradas & Co. Private Ltd. and Shree Laxmi Tanin Extract Factory Workers' Union, should jointly apply to this Tribunal for withdrawal of the dispute regarding the provident fund. The only issue for adjudication in the present reference relates to the provident fund scheme. So, on 7th November 1960 the parties were directed to file a joint petition in terms of paragraph 6 of the aforesaid memorandum of settlement, dated 7th November 1960 on 12th November 1960. On 12th November 1960 both parties, namely, the proprietors of the present company under the reference and Shree Laxmi Tanin Extract Factory Workers' Union filed a joint petition before this Tribunal duly signed by their respective authorised representatives and prayed for an award in terms of settlement as contained in the memorandum of settlement, dated 7th November 1960, which was filed by the company on 7th November 1960.

I have carefully gone through the memorandum of settlement and the petition filed by the company on 7th November 1960 as well as the joint petition filed by both the parties on 12th November 1960. Under paragraph 6 of the terms aforesaid memorandum of settlement both the parties are competent to file a joint petition before this tribunal for withdrawal of the present dispute. The joint petition filed by both the parties before this Tribunal on 12th November 1960 amounts to a petition for withdrawal of the dispute in strict conformity with paragraph 6 of the aforesaid memorandum of agreement. I accordingly

treat this joint petition as one for withdrawal of the dispute pending adjudication before this Tribunal under the present reference. I, therefore, accord permission to the parties to withdraw the present dispute.

The parties are permitted to withdraw the dispute regarding the provident fund scheme awaiting adjudication before this Tribunal in terms of paragraph 6 of the aforesaid memorandum of settlement, dated 7th November 1960, and this is my award. The joint petition by the parties filed on 12th November 1960 and the memorandum of settlement, dated 7th November 1960, are made parts of this award as Annexures 'A' and 'B' respectively.

AWARD

The above dispute over the issues formulated in the schedule to the order of reference was first referred for adjudication to the First Labour Court, by the Government of West Bengal, Labour Department, order No. 4728-I.R./IR/10L-144/58, dated 14th November 1958, and the same dispute has subsequently been referred to this Tribunal after abolition of the said First Labour Court and in supersession of the said previous order of reference by the Government of West Bengal, Labour Department, order No. 3772-I.R./IR/10L-144/58, dated 21st July 1960.

The issues formulated in the schedule to the order of reference stand thus:—

(1) Are the employees' entitled to receive any compensatory cash allowance on account of the high prices of the essential commodities? If so, to what amount?

(2) Should the Company bear the medical expenses of the workmen?

I proceed to decide the issues one by one for the purpose of making an award in adjudication of the dispute.

Issue No. 1: There is no dispute about the different rates of pay at present paid to the employees. It is also not disputed and it appears from the evidence of P.W. 1 Shri Ratna Kumar Sunam, the Secretary of the Union, and from the statement of salaries and allowances of power station staff submitted by the Kalimpong Electric Supply Co., Ltd. (hereinafter referred to as the Company), that in addition to the pay most of the employees are also getting an allowance at the rate of Rs. 40 or Rs. 35 per month. This allowance is evidently dearness allowance. The case put forward by the Union on behalf of the employees of the Company is, in a nutshell, that owing to progressive rise in the cost of living brought about by rise in prices of food articles and consumer goods the present dearness allowance is quite inadequate and it does not enable the employees to make both ends meet in regard to their cost of living and hence there should be an increase in the rates of allowances. It is further alleged that the Company is a prosperous concern earning huge profit. They have demanded increase of the allowances at the flat rate of Rs. 25 per month. This case has been put forward in the written statement filed by the Union. The Company in its written statement has challenged this claim of the Union on behalf of the employees as not maintainable on the ground of increase in the cost of living as alleged by the Union and has finally contended that in any case the Company is not in a position to pay any further cash allowance at the flat rate of Rs. 25 per month as claimed on the ground of weak financial position of the Company. The Company has also supported its case by the further statement that the employees are also being paid bonus and some special allowances in addition to the ordinary allowances as per the statement in this behalf annexed to its written statement and marked "B". The substance of the Company's case in regard to the Union's claim is, therefore, that the total emoluments of the employees including ordinary alowance, bonus and special allowance as these stand at present are not insufficient to meet their ordinary cost of living and in any case, the present financial position of the Company does not warrant any further increase in the emoluments of its staff and the Company is not capable of being saddled with any further liability in regard to the emoluments payable to its staff. It is further the Company's case that its income is below "reasonable return" within the meaning of the Indian Electricity Supply Act and in view of this position and the uneconomic position

of the Company the Government has been pleased to sanction oil surcharge benefit to mitigate the higher cost of production as a temporary measure and this surcharge would be withdrawn whenever the Company would be in a position to earn "reasonable return" and the Company had to purchase some machines at considerable cost amounting to Rs. 1,25,000 the price of which is being paid by instalments and apart from this the Company has long outstanding liability to the extent of Rs. 21,370 on account of unpaid dividends of cumulative preference shares and the Company has not been able to declare and pay dividends to the ordinary shareholders since the formation of the Company except for the year 1947. It is also the Company's case that it is a small undertaking with limited scope for supply of electricity within the area of Kalimpong town. It is finally pleaded that in view of the overall financial position of the Company resulting from the aforesaid facts and circumstances it is not in a position to undertake any further liability by way of emoluments payable to the staff.

On behalf of the Union there is only the evidence of P.W. 1 Shri Ratna Kumar Sunam, an employee of the Company and also the Secretary of the Union. The Union has also produced the monthly Statistical Digest, West Bengal, Volume XIII, published in April 1960 to show the alleged rise in the cost of living and the rising price index during the last few years. The Company has not examined any witness but it has produced the reports and accounts for the years 1956 to 1960. Besides, this it has furnished two statements marked "A" and "B" as annexures to its written statement "A" being the statement of salaries and allowances of Power Station staff and "B" being the statement of bonus and/or special allowances paid to the employees from 1954 to 1958.

I held a local inspection of the Power House and office at Kalimpong on 14th October 1960 and from examination of the Attendance Registers kept in the office I found there were in all 36 employees of the Company of whom 35 were permanent workmen, 12 being in the office, 13 in the Power House and 10 in the Outdoor Mains and Service Department. I have excluded the sweeper who is included within the office establishment because he is a part-time employee and is permanently employed in the local municipality. Such a temporary workman is not certainly entitled to claim any further dearness allowance from the Company. So we are to consider the claim of the Union under this issue in regard to the 35 permanent workers borne in the the Establishment Registers of the Company. We have to consider the present emoluments paid by the Company to the workmen, the rise in the cost of living and overall cost of living index during these years and also the present financial position of the Company. It is clear that the employees have no grievance on the score of their rates of pay or the bonus and special allowances paid to them from time to time as per the statements marked "A" and "B" annexed to the Company's written statement. I may mention here that the statements "A" and "B" annexed to the Company's written statement are not disputed by the Union. The emoluments paid to the staff at present cannot be said to be generally inadequate or insufficient. The crucial question is however whether any further increase in the D.A. is called for on account of rise in the cost of living or overall price index during the past few years. In deciding this question, regard must be had to the financial position of the Company. It is to be seen how far the Company in its present financial position is able to undertake any additional liability on account of increased D.A. to the staff. From the monthly Statistical Digest compiled by the Government of West Bengal, supplied by the Union, it is no doubt apparent that there has been some fluctuation in the retail price of food articles and overall cost of living index in the Darjeeling area during the past four years. I think I should take the overall cost of living index as appearing from this digest as general guide and the digest shows that in the Darjeeling area there were fluctuations in the overall cost of living index during the period from 1954 to 1959 and there was rise in the overall cost of living index gradually from 103.8 in 1954 to 121.5 in October, 1958 and then there was a gradual decline to 109.0 in January 1959 and since then there was a further slight rise up to 111.3 in May 1959 and thereafter there was slight decline to 109.3 in June 1959 and thereafter there was again a rise to 117.3 in August 1959 and then again there was a fall to 115.9 in September 1959. Further figures are not available. It will thus appear that there was both rise and fall periodically in the overall cost of living index during the period from 1954 to September 1959 and the highest rise was in October 1958 and since then there has been a general decline with some slight periodical rises and the last figure stands at 115.9. So for the present we have to take note of the fact that the increase in the overall cost of living index stands at 15 points compared to the basic 100 points of November 1950. As against this we have got to consider that the Company has been paying D.A. at the rates of Rs. 40 or Rs. 35 per month to most of the employees and it has also paid some bonus and special allowances during these period. There is no dispute about the rates of pay and the bonus and special allowances paid by the Company. In my view the present figure of rise in the overall cost of living index (15 points) as compared to the base year 1950 is not such as to cause any great hardship or suffering to the employees upon their present remunerations including bonus and special allowances. I have deliberately used the expression "great hardship or suffering" in regard to the employees upon their present remunerations because it cannot be gainsaid that upon the fluctuating overall consumer price index some slight hardship or suffering to the employees cannot be avoided and for this there cannot be any quick change in the scale of remuneration paid to the staff. This aspect of the case should not be taken serious notice of. We are to see whether the present scale of remuneration paid to the employees is such as to be totally inadequate to meet their ordinary cost of living even ignoring slight hardship, suffering or disadvantage arising from time to time from the fluctuating price of food articles and consumer goods. We are also to see whether the present financial position of the Company is such as to be capable of bearing any further increase in its liability on account of increased D.A. to the employees. These two sides of the picture must be carefully scrutinised before coming to a decision on the Union's claim under this issue. I have already dealt with the picture relating the rise in the overall cost of living index. I will now

get any D.A. at present he shall get D.A. of such amount as would make his total monthly remuneration equal to Rs. 58 with effect from 1st April 1960. I further award that the Company is not liable to bear the medical expenses of the workmen. This concludes my award.

And whereas the said Seventh Industrial Tribunal has submitted to the State Government its award on the said industrial dispute.

ANNEXURE

For the Union: None.

AWARD

The above dispute was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 4554-I.R./IR/101-79/59, dated the 24th August 1960, and the issues given in the order of reference related to (1) Grades and scales of pay, (2) Leave and holidays.

After the receipt of the reference, usual notices were issued to the Company and the Union by registered post and both the notices were duly served. The first date fixed for appearance of the parties and for filing written statement by the Union was 26th October 1960, according to the notices served. On the said date the Company entered appearance through its representative but no appearance was entered by the Union. The case was then adjourned to 16th November 1960 for ex-parte hearing, if no written statement was filed by the Union within 12 o'clock noon on that date. On the last date too no appearance was entered by the Union and so the matter was taken up for ex-parte hearing in presence of the Company's representative Shri S. K. Bhattacharjee. No evidence was adduced by him.

As the Union has not entered any appearance in this case and has not raised any claim regarding the matters covered by the issues formulated in the order of reference and as the Company has not also adduced any evidence, there are no materials before this Tribunal upon which any decision can be made in regard to the matters in dispute covered by the issues. Further no decision of the matters in issue is also necessary because the Union has not presented any case with regard to these matters and prayed for any relief before this Tribunal after reference. The position, therefore, really amounts to this that the Union is not pursuing this dispute after the present reference was made to this Tribunal and consequently there is now no dispute before the Tribunal for decision and adjudication. I make an award accordingly.

The 19th November 1960.

By order of the Governor,

S. C. MUKHERJEE, Asst. Secy.

consider the question of the financial position of the Company. It cannot be gainsaid that an Electric Supply Co. employing only 35 permanent workers including menials is not a big undertaking. It is certainly an undertaking of moderate size. It appears from the reports and accounts of the Company for the years 1956 to 1960 which also show their profit and loss accounts for these years that the net profit available for distribution was Rs. 14,096-10-11 in 1956, Rs. 14,743-6-2 in 1957, Rs. 21,926.63 nP. in 1958, Rs. 18,726.31 nP. in 1959 and Rs. 11,670.50 nP. in 1960 at the end of each financial year. It further appears from these reports and accounts that during all these years the Company could not pay any dividends to its ordinary share-holders and for some year it paid dividends on cumulative preference shares only. The amount of profit was not certainly very large in each of the aforesaid years and after payment of the arrear dividends on cumulative preference shares the Company was not certainly left with any substantial amount so that it could undertake any further liability towards its employees by way of increased dearness allowance. It is not disputed that the Company has been granted the relief of oil surcharge by the Government on account of high cost of production and this can be taken to indicate that the Company got this concession because of its weak financial position. After considering the overall financial position of the Company as it appears from the reports and accounts for the years just reviewed, I am of the view that it would be laying a heavy burden upon the Company to force it to give increased dearness allowance to those of its employees who are already paid D.A at the substantial rate of Rs. 40 or Rs. 35 per month and laying of such burden on the Company would adversely affect the economic condition of the Company. In the above view of both sides of the picture, the present scale of the employees' remunerations including bonus and special allowances, and the Company's economic condition, I have no hesitation to come to the conclusion that in the interest of both the Company and the workers no further burden of increased D.A. should be imposed upon the Company in relation to its employees who are already getting D.A. The Company must be an economic unit in the ultimate interest of workers themselves. So the claim for increased D.A. for the employees who are already in enjoyment of this allowance is not, in my judgment admissible and maintainable.

At the same time I am also of the view that if there is any employee in the Company who is not in enjoyment of any D.A. he must get some reasonable D.A. Though P.W. 1 Shri Ratna Kumar Sunam, the Secretary of the Company, has stated in his evidence that dearness allowance is granted at the flat rate of Rs. 40 per month, I find from the statement "A" annexed to the Company's written statement that it is not correct and there are some employees who do not get any D.A. at all The workers covered by item Nos. 12, 13 and 14 Shri Harka Bahadur, Kharga Bahadur and Loptsong do not get any dearness allowance at all and their salaries are respectively Rs. 41, Rs. 38 and Rs. 62. The first two are peons and the last one is the night-watchman. Another peon Balbir Lama (item No. 11) gets a pay of Rs. 23 and dearness allowance of Rs. 35, total Rs. 58. There is absolutely no reason why Harka Bahadur and Kharga Bahadur should not get some D.A. So far as Loptsong is concerned his pay itself is quite sufficient and is much more than any of these two peons and also the other peon Balbir Lama (item No. 11) who is shown as receiving a total remuneration of Rs. 58, Rs. 23 as pay and Rs. 35 as D.A. Accordingly, I think that Harka Bahadur and Kharga Bahadur should get D.A. at the rates of Rs. 17 and Rs. 20 per month respectively so as to make their total remunerations equal to the other peon Balbir Lama. No statement of the office establishment or the Mains and Service Department is before me and on the analogy of the cases of Harka Bahadur and Kharga Bahadur I think that it there is any other worker who does not get any dearness allowance and whose total remuneration falls below Rs. 58 he should get the difference between his pay and Rs. 58 by way of dearness allowance.

For the reasons and upon the findings recorded above I hold that all the employees are not entitled to receive any compensatory cash allowance on account of the high price of the essential commodities but peons Harka Bahadur and Kharga Bahadur of item Nos. 12 and 13 of statement "A" shall get D.A. at the rates of Rs. 17 and Rs. 20 per month for the present so as to make their total emoluments equal to that of other peon Balbir Lama (item No. 11) and if there is any other whole-time worker of the Company who does not get any D.A. he should get such dearness allowance per month as would make his total emoluments equal to Rs. 58. I further hold that D.A. payable according to this decision shall come into force retrospectively from 1st April 1960.

Issue No. 1 is accordingly decided as above.

Issue No. 2: This issue was not pressed at the hearing by Shri Suprobhat Mukherjee who appeared for the Union. I am also fully satisfied that no case for the Company's bearing any medical expenses for the workmen has been made out by the materials produced before me. This is certainly an extraordinary demand and it is not proved that any similar undertaking in this region provides such facilities and assistance to the workers. On the basis of my examination of the financial position of the Company as it stands at present, I am also of the view that the Company is not in a position to undertake any further liability on account of this claim of the Union without rendering the whole undertaking a totally uneconomic unit and thereby prejudicing the interests of both the undertaking and the workers themselves. It is certainly in the interest of the workers themselves that the Company should continue as quite a good economic unit so that they may continue to be in employment. This issue is thus answered in the negative and Union's claim under this issue is rejected.

On the above decisions, I award that, the employees are not entitled to receive any further compensatory cash allowance on account of the high prices of the essential commodities, excepting the cases of Harka Bahadur and Kharga Bahadur, peons of item Nos. 12 and 13 of statement "A" annexed to the Company's written statement, who shall get D.A. at the rates of Rs. 17 and Rs. 20 per month respectively with effect from 1st April 1960 and I further award that if there is any other whole-time worker of the Company who does not

13. After the commencement of this Act, no person shall maintain or conduct any home except under, and in accordance with, the conditions of a certificate of recognition granted under this Act.

Application for certificate.

14. Every person desiring to maintain or conduct a home shall make an application for a certificate of recognition to the Board in such form and containing such particulars as may be prescribed:

Provided that a person maintaining or conducting a home at the commencement of this Act shall be allowed a period of three months from such commencement to make an application for such certificate.

Grant or refusal of certificate.

15. (1) On receipt of an application under section 14, the Board, after making such inquiry as it considers necessary, may, by order in writing, either grant a certificate or refuse to grant it.

(2) No order refusing to grant a certificate shall be made until an opportunity is given to the applicant to be heard in the matter and where a certificate is refused, the grounds for such refusal shall be communicated to the applicant in the prescribed manner.

(3) No fee shall be charged for the grant of a certificate.

(4) A certificate shall not be transferable.

Contents of certificate.

16. (1) The certificate shall specify—

(a) the name and location of the recognised home;

(b) the name of the manager thereof;

(c) the nature of the home, whether for women generally or for widows or for children generally or for orphans or for one or more of these classes;

(d) the number of inmates to be taken by the home;

(e) the minimum standards regarding boarding, lodging, clothing, sanitation, health and hygiene which, having regard to the conditions of the locality in which the recognised home is situated and its resources, should be complied with in the home;

(f) the standard of education or training to be provided for the inmates of the home, in case the education or training of its inmates is undertaken; and

(g) such other conditions and particulars as may be prescribed:

Provided that there shall be deemed to be included in the certificate granted in respect of a home for females a condition to the effect that the person in charge thereof, whether called superintendent or by any other name, shall ordinarily be a woman.

(2) The Board shall not, ordinarily, permit any recognised home to admit as inmates, persons of different sexes, but may do so for reasons to be recorded and subject to such conditions and limitations as may appear to it to be in the public interest.

(3) Without the previous written consent of the Board, no recognised home shall—

(a) change its name or location as specified in the certificate in respect of it; or

(b) alter the purpose of any service specified therein.

Revocation of certificate.

17. (1) The Board may, without prejudice to any other penalty to which a person to whom a certificate has been granted may be liable under this Act, revoke the certificate—

(a) if it is satisfied that the home is not being conducted in accordance with the conditions laid down in the certificate; or

(b) the management of the home is being persistently carried on in an unsatisfactory manner or is being carried on in a manner highly prejudicial to the moral and physical well-being of the inmates; or

(c) the home has, in the opinion of the Board, otherwise rendered itself unsuitable for that purpose:

Provided that no order of revocation shall be made under this sub-section until an opportunity is given to the person to show cause why the certificate should not be revoked;

and in every case of revocation, the grounds therefor shall be communicated to the person in the prescribed manner.

(2) Where a certificate in respect of a home is revoked under sub-section (1), such home shall cease to function—

(a) where an appeal has not been preferred under section 18 against the order of revocation, immediately on the expiration of the period prescribed for such appeal;

(b) where such appeal has been preferred, but the order of revocation is upheld, from the date of the appellate order.

(3) On any home ceasing to function under sub-section (2), the Board may direct that any woman or child who is an inmate of such home shall be—

(a) restored to the custody of her or his parent, husband or lawful guardian, as the case may be, or

(b) transferred to another recognised home, or

(c) entrusted to the care of any other fit person:

Provided that no woman shall be entrusted to the care of any person other than a woman.

Appeals.

18. Any person aggrieved by an order of the Board refusing to grant a certificate or revoking a certificate may, in such manner and within such period as may be prescribed, prefer an appeal to the State Government or to such authority as may be specified by it against such refusal or revocation:

Provided that the State Government or the authority so specified, as the case may be, may admit an appeal after the expiry of the period so prescribed, if it is satisfied that the applicant was prevented by sufficient cause from preferring the appeal in time.

Surrender of certificate and its effect.

19. (1) The manager of a home, if specially authorised in this behalf by resolution of the managing committee, may, on giving six months' notice in writing to the Board of his intention so to do, apply for the withdrawal of the certificate granted in respect of that home and on the expiration of the said period from the date of notice, the certificate shall, unless before that time the notice is withdrawn, cease to have effect; and the home shall cease to function.

(2) No woman or child shall be received into any such home after the date of such notice; but nothing in this section shall be construed to affect the obligation of the manager to comply with all the requirements of this Act and the rules, regulations, directions and orders thereunder until the certificate ceases to take effect under sub-section (1).

In the matter of an industrial dispute between Messrs. Kasiuddyog Ltd., 153A Upper Circular Road (hereinafter referred to as the Company) and their workmen represented by Sew Sakti Oil Mill Mazdoor Congress, 206 Cornwallis Street, Room No. 18, Calcutta-6. (Case No. VIII-403/60.)

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

Appearances:

For the Company: Shri R. P. Choudhury.

For the Union: None.

AWARD

The above industrial dispute relating to the question whether the service rendered by the 14 workmen, named in the issue given in the Schedule to the order of reference, prior to 1st July 1956 should count for retrenchment compensation was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, order No. 1199-I.R./IR/15L-19/57, dated the 24th March 1958, and the same dispute has subsequently been referred to this Tribunal for adjudication in supersession of the said previous order of reference and after the abolition of the said First Labour Court by the Government of West Bengal, Labour Department, order No. 3954-I.R./IR/15L-19/57, dated the 27th July 1960. The only issue given in the schedule to the order of reference stands thus:—

> Whether the services rendered by the following workmen prior to 1st July 1956 should count for retrenchment compensation. To what relief are they entitled?
>
> (i) Shri Sambhu Mallick, (ii) Shri Bankim Chandra Nath, (iii) Shri Bhusan Chandra See, (iv) Shri Dhirendra Nath Mirdey, (v) Shri Radharaman Sadhukhan, (vi) Shri Sidheswar Barik, (vii) Shri Hari Charan Jana, (viii) Shri Kanai Nath Nath, (ix) Shri Akshay Kumar Paul, (x) Shri Ajodhya Borai, (xi) Shri Bhanu Singh, (xii) Shri Kubar Kahar, (xiii) Shri Sahadeo Lohar and (xiv) Shri Biswanath Roy.

After receipt of the reference in this Tribunal notices were issued to the Company and the Union and the notices were duly served on both parties. The Company entered appearance in this case through its representative on 29th October 1960, the date for appearance fixed in the notices to the parties. But no appearance was made on behalf of the Union on that date. The notice to the Union was found to have been duly served. The case was then adjourned to 12th November 1960 giving another chance to the Union to file its written statement, if any, and it was directed that in default of appearance by the Union on that date the case was to be heard ex-parte. On that date also no appearance was made on behalf of the Union and the case was taken up for ex-parte hearing at 1 p.m.

At the ex-parte hearing, it was proved by the evidence produced on behalf of the Company that the workers concerned had already accepted different sums in full and final settlement of all their claims and dues against the Company and the sums included salaries and statutory leave pay up to 23rd April 1957. This has been proved by O.P.W. 1 Shri R. P. Choudhury, the Company's Manager, and also by the receipted vouchers of Ext. A series. This evidence coupled with the non-appearance of the Union to press its claim on behalf of the workers concerned against the Company clearly establishes the position that none of these workers is entitled to any money from the Company besides the amount paid to him under the particular receipt of Ext. A series, by way of retrenchment compensation, and necessarily the claim made by the Union on behalf of each of the workers as reflected in the issue framed must fail. O.P.W. 1 Shri R. P. Choudhury, has also testified that all disputes between the Company and the workers were fully and finally settled by the payments made to them upon the receipts of Ext. A series. Upon the facts proved at the hearing of the case I am satisfied that the claim put forward by the Union on behalf of the workers concerned is not correct and maintainable and hence it must fail.

In the result I award that the claim made by the Union on behalf of the workers concerned against the Company in respect of retrenchment

compensation is not maintainable and the workers concerned are not entitled to any relief against the Company in this case. The case is disposed of accordingly by this ex-parte award.

By order No. 3864-I.R./IR/13L-24/58, dated Calcutta, the 12th September 1958, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Newman's Printing Works and their workmen as represented by Press Employees' Association to the Second Labour Court for adjudication regarding the issue mentioned in the order of reference.

Issue

Are the workers entitled to a bonus for 1957? What should be the quantum of such bonus?

The case was fixed for hearing on 4th November 1960. On that day Shri N. K. Mukherjee, Advocate appearing for the company, referred to the initial objection raised by the company in paragraph 1 of the written statement of the company. The issue mentioned in the order of reference is a matter specified in the third schedule to the Industrial Disputes Act and it has been stated in the order of reference that the dispute is not likely to affect more than 100 workmen. Shri N. K. Mukherjee has asserted, as has been stated in paragraph 1 of the written statement of the company, that the dispute will affect more than 100 workmen, as the company has more than 100 workmen in its employment. He therefore argues that as this is a Labour Court, this Court has no jurisdiction to adjudication on such a case.

Shri Madan Mohan Saha, Advocate appearing for the Union, admits that the company has more than 100 workmen in its employment and as such the dispute mentioned in the present order of reference will affect more than 100 workmen. So I hold that I have no jurisdiction to adjudicate on the present dispute.

AWARD

The above industrial dispute relating to the justifiability of the dismissal of the six workers named in the issue given in the schedule and the relief, if any, to which they are entitled was first referred for adjudication to the First Labour Court by the Government of West Bengal, Labour Department, order No. 2606-I.R./IR/71L-40/59, dated the 25th May 1960, and the said dispute has subsequently been referred for adjudication to this Tribunal under Government of West Bengal, Labour Department, order No. 3984-I.R./IR/71L-40/59, dated the 28th July 1960, after the abolition of the said First Labour Court and in supersession of the said previous order of reference. The only issue formulated in the order of reference stands thus:—

Whether the dismissal of the following workmen is justified? To what relief, if any, are they entitled?

(i) Shri Babulal, (ii) Shri Antar, (iii) Shri Azim, (iv) Shri Muneswar, (v) Shri Arjun, (vi) Shri Anwar.

After receipt of the reference in this Tribunal usual notices were issued to both parties fixing 27th October 1960 for appearance and filing written statement, if any, by the Union. On that date appearance was made on behalf of the Company through its representative but no appearance was made on behalf of the Union though the notice was duly served on both the parties. The case was then adjourned to 12th November 1960 giving the Union another chance to file written statement by 12 o'clock noon on that date and directing that in default of filing written statement by the Union by that time the case will be heard ex-parte on that date. On that date, 12th November 1960, no appearance was made on behalf of the Union and there was also no appearance on behalf of the Company and no step was taken on its behalf. From the absence of both parties on 12th November 1960 in the aforesaid circumstances I am satisfied that it is a case where the industrial dispute between the parties has ceased to exist and so there should be a "no-dispute" award under rule 22 of the rules framed under the Industrial Disputes Act. I would dispose of the case by such an award.

Accordingly, I award in this case that the industrial dispute under reference is no longer in existence and so no adjudication of the dispute is required.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Machinery Manufacturers Corporation Ltd. and their workmen employed in their Sonai Works, P-61 Circular Garden Reach Road, Calcutta-23, represented by MMC Employees' Union, 129A Circular Garden Reach Road, Kidderpore, Calcutta-23, and MMC Mazdoor Union, 10/2 Watgunj Street, Calcutta-23. (Case No. VIII-166 of 1959).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. K. SARKAR, Judge, Second Industrial Tribunal.

Present for the Company: Shri J. N. Chatterji, Dy. Labour Adviser, Indian Engineering Association, and Shri A. K. Dey, Labour Officer of the Company.

Present for the Mazdoor Union: Shri D. L. Sen Gupta, Advocate.

Present for the Employees' Union: Shri Patit Paban Pathak, an officer of the Union.

By Government order No. 4798-I.R./IR/10L-70/58, dated the 29th September 1959, the above

industrial dispute was referred to this Tribunal under section 10 of the Industrial Disputes Act for adjudication of a single issue relating to retrenchment of 249 workmen named in the list attached to the order. Originally only one Union, viz., MMC Employees' Union was joined as a party to the reference, but subsequently by addendum No. 130-I.R./IR/10L-70/58, dated the 8th January 1960, the name of another Union, namely, MMC Mazdoor Union was added. MMC Employees' Union filed its written statement on 30th November 1959 and the employer Messrs Machinery Manufacturers Corporation Ltd, which will hereafter be referred to as the Company, filed its written statement on 8th January 1960. MMC Mazdoor Union appeared on 27th January 1960 and filed its written statement on the same date. The Company filed its reply to the said written statement on 27th February 1960. The Employees' Union thereafter filed a supplementary written statement on 21st March 1960 and in reply the Company filed another supplementary written statement on 24th May 1960.

2. The hearing of the case commenced on 25th August 1960 and continued with intermissions up to 1st September 1960. So far as oral evidence is concerned, three witnesses were examined, one by the Company and two by the Unions, but both parties filed and exhibited a large number of documents. The arguments commenced on 15th September 1960 and were concluded by 17th September 1960, but subsequently it was found that further hearing of the case was necessary on the point of the procedure followed in effecting the retrenchment and the case was further heard on 2nd November 1960 and 8th November 1960.

3. The Company came into existence in 1946 and commenced manufacture of textile machineries, mainly Carding Engines, in 1950. Of the Company's subscribed share capital of Rs. 80 lakhs and 77 thousand, Rs. 25 lakhs have been subscribed by the Government of India and two of its Directors are nominees of the said Government. The Company has also secured a loan of Rs. 5 lakhs from the Government of India and an advance of Rs. 59 lakhs from the Industrial Finance Corporation and one of its Directors is a representative of the said Corporation. The Company had on its roll about 917 workmen in 1959 of whom 249 were retrenched with effect from the 18th June 1959. On the 12th June 1959, the Company issued a notice to the workmen to the effect that on account of the fall in the orders for Carding Engines a large number of workmen had become surplus out of whom 249 would be retrenched with effect from the next date. A list of the said workmen was attached to the notice and they were offered retrenchment compensation and one month's wages in lieu of notice according to the provisions of the Industrial Disputes Act. Out of these 249 retrenched workmen 151 have accepted compensation, according to the Company's statement.

4. The case of the two Unions is that the retrenchment was wholly unnecessary and unjustified and was mala fide and inspired by ulterior motives. According to the Employees' Union it was effected only to put pressure on the workmen to agree to certain changes in the conditions of service and to increased work-load and, according to Mazdoor Union, its object was to victimise the office-bearers of the said Union. Both the Unions further contend that in effecting the retrenchment the Company did not follow the principle of "last come, first go" and violated the provisions of section 25G of the Industrial Disputes Act.

5. The issue as per order of reference is as follows:

> Whether the retrenchment of 249 workmen as per list attached is justified. To what relief, if any, are they entitled?

6. According to the Company, though the retrenchment in question was effected suddenly with one day's notice issued on 12th June 1959, it had a long history behind it and it is necessary that it should be briefly recounted here. As already stated, the Company is a textile machinery manufacturing Company and the principal machine manufactured by it is Carding Engine. The Company has filed documents showing that in November, 1956, the Ministry of Heavy Industries of the Central Government held a meeting of the representatives of the Textile Machinery Manufacturers and that in December, 1956 an Ad Hoc Committee was set up by the said Government for the purpose of expanding manufacture of textile machineries in India equated to the production of textiles envisaged in the Second Five-Year Plan [Exts. I(1) to I(4)]. This Committee met on 29th January 1957 and estimated the average annual requirement of Carding Engines at 4,050. The licensed annual capacity of production of Carding Engines of this Company and three other companies taken together was found to be 1,692 and scope of additional annual capacity was estimated at 2,358. This Company's licensed capacity was found to be 600 but a phased programme for increased production up to 75 per month in 1957 and 100 per month from January, 1958, was approved by the Committee. Apart from Carding Engines a phased programme for manufacture of three other items commencing from the end of 1958, middle of 1959 and end of 1959 was also approved [Ext. I(5)]. So far as Carding Engines are concerned, the estimate of average annual requirement was however an over-estimate and subsequently at the seventh meeting of the Ad Hoc Committee held in March, 1959, the average annual requirement of Carding Engines was estimated at 1,400 [Ext. I(8)].

7. In view of the orders for Carding Engines received by the Company during 1955-56 and 1956-57 (704 in 1955-56 and 662 in 1956-57) and the phased programme of production approved by the Ad Hoc Committee the Company issued a notice (Ext. C-4) to its workers on 13th May 1957 stating that owing to the considerable demand for Carding Engines, it was absolutely necessary to produce as many engines as possible at economic cost and that with that end in view the management had already taken steps to instal additional machine tools and increase personnel strength so that during 1957-58 the production might be at the rate of 80 Carding Engines per month. It was also announced in the notice that the group bonus scheme already introduced would continue until such time as an alternative production bonus scheme was worked out and the base was fixed at

60 Carding Engines per month. Production was thereby speeded up, but during the year 1957-58 orders for Carding Engines began to shrink and according to the statement, Ext. D, the total number of orders received during that year amounted to 469 only. So on 30th April 1958 the Company issued a notice (Ext. C) stating that in consequence of the deteriorating order position it was necessary to reduce production. The correspondence with the Government of India, copies of which have been filed (Ext. H. series), shows that this position had also been reported to the said Government. As a first step to meet this crisis the Company suspended section-wise production bonus scheme and also notified that there would be no increase in wages of the workers until further orders (Ext. C). The Employees' Union protested against these steps and, according to the Works Manager of the Company, the workers indulged in widespread indiscipline and adopted "go slow" tactics. Certain correspondence and conferences with the Union followed and the matter was ultimately brought before the Labour Commissioner. The Company also thought of retrenching some surplus workers and wrote to the Labour Commissioner on 29th July 1958 that it proposed to retrench in the first instance 78 workers (Ext. G3). Subsequently the Company's Chairman met the Union representatives and proposed as an alternative measure to avoid retrenchment that work on Saturdays should be suspended and on 11th September 1958 an agreement was arrived at between the Company and the Employees' Union in the presence of the Conciliation Officer that the factory would work with immediate effect for 5 days in a week, the work on Saturdays being suspended and that the basic salary of the monthly-rated staff would be reduced by 2½ per cent. and the wages of the hourly-rated workmen by 5 hours. It was also agreed that this position would continue till 30th November 1958 (Ext. C-1). The agreement was given effect to by a notice issued on 13th September 1958 in which the Company mentioned that by this arrangement the retrenchment of about 100 workmen which had become imperative was sought to be avoided (Ext. C-2).

8. According to the Company, however, this arrangement did not improve matters and on the other hand production declined. The Director of the Company resident in Calcutta met the Union representatives at a conference on 17th November 1958 and explained the position to them and also complained of labour indiscipline and apathy in the matter of production (Ext. G-25). Thereafter on 18th November 1958 the Company issued a notice, Ext. C-3, stating that since the agreement with the Union the management had noted with anxiety a general lack of interest and apathy for work on the part of the workmen resulting in extremely poor production and that in order to restore enthusiasm the management had decided to resume normal work with immediate effect and restore the cut in salaries and wages. This was done but the position did not improve. The order position declined still further during 1958-59 and according to the statement, Ext. D, the total number of orders booked during that year was only 374. The great majority of these numbering 281 were, however, according to the Company, ineffective orders, deliveries having been postponed indefinitely, if not cancelled outright. At the end of March, 1959, the Ad Hoc Committee set up by the Government of India reduced, as already stated, the figure of the estimated requirement of Carding Engines to 1,400 per year and the Company's quota was also much reduced. So in June, 1959, the Board of Directors decided on retrenchment and directed the Works Manager, the Chief Engineer and the Resident Director to fix the number and select the personnel for retrenchment and on the 12th June 1959 the Company issued the notice announcing retrenchment of 249 workmen.

9. This notice [Ext. 6(a)] referred to the previous notices, dated 12th September 1958 and 18th November 1958, already mentioned and pointed out that the order position for the Carding Engines had not improved and that all endeavours to accommodate the surplus workmen had proved unsuccessful. It then stated that the management had been forced in the circumstances to decide most reluctantly on retrenchment of 249 workers as per list attached as surplus with effect from 13th June 1959. They were offered retrenchment compensation and one month's pay in lieu of notice in terms of the Industrial Disputes Act. According to the Works Manager, three officers were also retrenched at the same time. The retrenchment was followed by a strike by the remaining workmen and subsequently after the strike had been called off the Company took back some of the retrenched workmen. The total number re-employed was 142 and as regards the remaining 107, the Company's case is that they were given notice to join or interview the management but did not turn up.

10. According to the above notice of retrenchment, the principal ground for retrenchment was the fall in the orders for Carding Engines during 1958-59. The figures in the Company's statement, Ext. D, prove the extent of the fall. The downward trend had commenced during 1957-58 when the number of orders registered was 469 as compared to 704 in 1955-56 and 662 in 1956-57. The figure came down to 374 in 1958-59 and during the first three months of 1959-60 up to 12th June 1959 the number of orders booked was only 11. These figures have not been challenged on behalf of the Unions. The statement, Ext. D1, gives the figures of production and delivery and of pending orders at the beginning of each year from 1955-56. It shows that the balance of orders left over at the end of the year 1958-59 was only 461 out of which deliveries had been cancelled or indefinitely postponed at the desire of the customers in 281 cases. So the balance of effective orders in the beginning of 1959-60 was 180 as against 633 in 1955-56, 676 in 1956-57 and 406 in 1957-58 In June, 1959, the balance of effective orders had dwindled to only 93 after deliveries in the previous two months. The large increase in the number of cancellation or indefinite postponement of deliveries was a new feature which rendered the prospect of the Company very bleak for the year 1959-60. Whereas the number of cancelled or postponed orders in 1955-56 was 82, in 1956-57 48, in 1957-58 50, the number rose to 281 in 1958-59. The Company has produced copies of the relevant correspondence with the textile mills which had cancelled or indefinitely postponed the deliveries of the

orders placed (Ext. E series) and a summary of the reasons given for such action has been supplied in Ext. D-4. They show that in some cases the orders had been placed for projected new mills which could not be set up and so the orders were cancelled. Deliveries were postponed in other cases on the plea that the orders had been placed in anticipation of license for new projects which had not been obtained or on the plea that the projected buildings were not ready or on the ground of financial stringency. There were again some who did not give any reason for postponement of delivery.

11. There was thus a serious situation in the beginning of 1959-60 which, according to the Company, fully justified the retrenchment effected. My attention has been drawn in this connection to the proceedings of a meeting held on the 4th August 1959, after the retrenchment while the strike was still going on, in the office of the Labour Minister, West Bengal, in which besides the representatives of the Company and the Unions, the Textile Commissioner of the Government of India and his Industrial Adviser were present. Exhibit G5 is a copy of the summary of the said proceedings prepared by the Resident Director of the Company and it was submitted to the Joint Secretary, Labour Department. In this meeting the Resident Director Shri A. K. Mitra explained that at the time of retrenchment there were only 93 effective orders which worked out to 8 Carding Engines a month against the capacity of 75 and that though the fall was nearly 66 per cent. of the capacity the labour force had been reduced only to the extent of 26 per cent. Shri Joshi, the Textile Commissioner, gave his opinion at the meeting that the fall in orders was not a passing phase and that the general trend indicated that orders for textile machinery would not be on the same scale as before. Shri Majumdar, the Industrial Adviser to the Textile Commissioner, who was a Director of the Company, was also of opinion that the textile machinery industries which were very much linked up with textile mills were not likely to revive to the old standard for a few years to come. He further stated that he along with the other official Directors of the Company had dissuaded the management from taking the decision of retrenchment for a year until at last finding no other alternative they had to agree to the retrenchment in the interest of the industry. The question of lay-off or rotational lay-off was considered in this meeting and both the Textile Commissioner and his Industrial Adviser discounted the idea in view of the fact that the recession in the industry was not likely to disappear in the near future.

12. The recession in the textile industry has not been disputed by the Unions but it was suggested to the Company's Works Manager that the position had begun to improve in April, 1959. This he denied, though he said that some improvement was noticed towards the latter part of 1959. I have already referred to the opinion of the Textile Commisisoner and his Industrial Adviser on the point. According to them, the recession was still continuing in August, 1959. My attention has been drawn to a starred question (No. 880) put to the Minister of Industry in Parliament to which he replied on 11th December 1958 that the situation in the textile industry was showing signs of improvement (Lok Sabha Debates—second series, Vol. XXIII—No. 19—p. 4398). The report of the Indian Cotton Mills' Federation for the year 1959 has also been referred to in which it is stated that after three years of acute suffering the cotton mill industry began to stage a recovery during 1959. Whatever the improvement might have been in 1959 it was not reflected in the order position of Carding Engines, so far as this Company was concerned, because in the beginning of 1959-60 the orders booked up to 12th June 1959 amounted to only 11, as already stated. On 11th December 1958 in reply to another starred question No. 859 the Minister of Industry stated in the Lok Sabha that this Company was not getting sufficient orders to keep its production capacity fully engaged. It was argued that the restoration of normal working hours by the Company on 18th November 1958 meant that the crisis in the industry had been overcome and that the Company was anxious to increase production. But that is not a correct view to take. The crisis created by the order position remained and the Company was only anxious to ensure restoration of the wage cuts that the normal production level was maintained and did not deteriorate, as it had been doing. The production had dropped to floor level between September and November, 1958, according to the Works Manager.

13. It has, however, been contended by the Unions that though the deliveries of the Carding Engines ordered might have been postponed for the time being, the orders were nevertheless effective orders and that the Company could have gone on producing against those orders and thereby avoided retrenchment. But this course was not possible by the very nature of the business. The Works Manager has explained that the nature of the business is that the Company always produces against orders according to dates of delivery and cannot undertake bulk production in anticipation of delivery. It has not space enough to accumulate stock. Its warehouse can accommodate at the most 20 or 25 Carding Engines and 80 or 90 more can be kept in the open space available in uncovered state. It has not also enough finances to take to such a course. Carding Engines have to be produced according to specifications which vary with the requirements of the customers and though a Carding Engine produced according to one specification can be rearranged to suit the specification of another order, that involves additional labour and cost and is not economical, as has been explained by the Works Manager. Each Carding Engine costs Rs. 12,500 at the relevant period. Questions were put to the Works Manager suggesting that in the event of cancellation or indefinite postponement of delivery steps should have been taken to forfeit advances and enforce delivery. But business cannot be carried on in a competitive market by such means. The Company, however, did make attempts to persuade the customers to take delivery and offered deferred payment and other advantages, as would appear from the evidence of the Works Manager, but such attempts were not successful. Export possibilities were

also explored but without success. The Company was not in a strong financial position. It carried on, as already stated, with loans from the Government and Industrial Finance Corporation and during the year ended 31st March 1959 it sustained a loss of Rs. 5 lakhs. In some of the previous years also it sustained losses and the cumulative loss up to 31st March 1959 was Rs. 24 lakhs (Ext. B-1).
